You're on holiday, the perfect time to indulge in a few moments of blissful relaxation at our Delphinae Wellness Center. Luxurious beauty rituals, exclusive cosmetic treatments: our SPA menu has everything you need to look and feel fantastic.

## For us, natural wellbeing is science.

Since 1988 Mei herbal experience, certified by scientific research, is a reliable reference point for wellbeing and prevention.

The logo for Mei, featuring the word "Mei" in a white, serif font with a stylized underline, set against a dark grey square background.

### the petite spa

The wellness center has a small SPA area fitted with sauna, emotional shower and Turkish bath with chromotherapy. Steam baths combined with cold showers expel toxins and reactivate blood pressure. Relax while drinking herbal tea and enjoy as the stress loaded over the year will evaporate and disappear... For a total feeling of wellbeing you'll never forget, you can also combine a session in the Petite SPA with an exclusive Mei ritual, or aesthetic treatments.

### mei wellness rituals

Our therapists have been trained at the WFA (Wellness from Feet Academy), the Mei Academy, led by a company with 30 years of experience in wellbeing. Wellness rituals include the application of herbal products and aromatherapy, performed with essential oils from wild plants. The ritual effect will be increased by combining carefully selected infusions. Massages include the use of Podostrigiles®: an extremely effective (and patented) massage tool, inspired by the strigil used in ancient Roman baths.

### massages
